

# Evansville Metropolitan Planning Organization

**Federal Fiscal Year 2011  
(October 1, 2010 to September 30, 2011)  
Annual Listing of Obligated Projects**

The Evansville Metropolitan Planning Organization Transportation Improvement Program (TIP) contains a listing of transportation projects proposed to be undertaken over a four year period. Many, though not all, of the projects in the TIP will utilize funds from the Federal Highway Administration and/or Federal Transit Administration. The current TIP covers years 2010-2013. Projects schedules and costs often change based on a number of variables. As a consequence, the TIP does not always present the latest project expenditure information.

In an effort to further inform the public about how federal funds are actually spent, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) requires that Metropolitan Planning Organizations publish an annual listing of projects for which federal funds have been obligated in the preceding year. By definition, an obligated project has received authorization by a federal agency. This authorization is the federal government's legal commitment to pay the federal share of a project's cost. Project obligation does not necessarily mean that work is underway. The project process may require additional steps, such as design consultant selection, or the completion of a letting process, before work can commence.

This report documents transportation projects in the Evansville MPO region that were obligated for spending using federal funds during federal fiscal year 2011 (October 1, 2010 – September 30, 2011).

## Evansville MPO - Annual Listing of Obligated Projects - FY 2011 (October 1, 2010 - September 30, 2011)

Local Projects - Indiana									
Des#	Sponsor	County	Road Name	Description/Location	Phase	Funding Type	Programmed Federal Amount	Obligated Federal Amount	Remaining Funds*
